Dearest Family, 29 July
Writing this note from the
main P.O. in Anchorage so
see how fast time it makes.
Have started you a letter to
answer questions & etc, but
meantime this will let
you know we're O.K. tho
still smothered in dust. So
few streets paved, & so much
construction of all types
everywhere keeps the air
filled with dust. Dew. wea.
is good, foggy last 2 days.
Hope it rains again soon.
Cope sinus hasn't bothered
him since I arrived. Have
had to attend 2 lunches & 2
teas yet this week. I press a
dress, take it off & back into the
footlocker. Love The Kids
